

**Product: Dissecting Table, mobile, with 4 feet & sink**  
**Cat.-No.: MA-0984**

## Dissecting Table, mobile with 4 feet & sink

**Type: 0984.1**

### Description

Newly designed concept with a none-perforated work area for optimum stability. For use in Human & Veterinary Pathology.

Simple autopsy table, mobile, with 4 quality "hospital" castors with breaks.

Drain hole off-centre which eliminates clogging of drain. It is possible to hang a bucket or "closed" container below the drain hole.

Mainly used for student dissecting classes.

Extra large with strong work plate for optimum strength and stability.

The work area of the table is embossed negatively (concave) or positively (convex). It contains a large drain sewer with a residue basket. The underside of the plenum is noise dampened.

The table contains a sturdy frame for optimum stability. This unique feature guarantees a very good sturdy design and consequently, a long life cycle of the product itself under daily tough work conditions.

### Features

- closure for drain holes
- hook for bucket / waste container
- sturdy 40mm framing.
- lower storage area.

### Technical data

Material: stainless steel EN/DIN 1.4301 (AISI 306) double polished for all parts

Dim. overall: 2600(L) x 900(W) x 850(H)mm

Weight: 110kgs

MA-0984 Autopsy table without sink, 4 feet and lockable castors. Incl. drain hole. Length: 2100mm

## Optional features / accessories
