

Product: Vet. Large Animal Autopsy Table, mobile
Cat.-No.: MA-2038.1

Vet. Large Animal Autopsy table, mobile, fixed height

Use in veterinary pathology, zoology, and museum preparation for transport, obduction and sectioning of large animals

Type: 2038.1

Description

Heavy duty version made of stainless steel EN / DIN 1.4301.
Max capacity: 1200kgs.

Mobile design with lockable heavy duty wheels. For use in veterinary pathology / food inspection and museum preparation.

The upper area is designed for the large weight of large animals. The work surface is shaped positive (convex) and at one end has 2 drain holes with removable strainers (100mm dia.). The drain pipes end about 300mm above the floor.

The whole working surface is lined with noise dampening material. For safe transportation 6 removable rods are present incl. mounting brackets (3 on each side).

The lower area contains: 4 heavy duty columns
